

DUO-PACK PAPER LAMINATED

Eco-friendly and extra rigid corrugated cardboard

LIGHT, FLEXIBLE & DURABLE

DUO-Pack paper laminated is a light and durable combination of cushioning corrugated cardboard and firm paper lamination available in rolls or pre-cut sheets. The interior lamination is realised in a variety of paper qualities, enabling optimal protection of delicate surfaces. DUO-Pack avoids transportation damage and complaints by providing optimum protection for packaged products. Whether glass, porcelain, wood, metal, furniture, spare parts or profiles are involved – DUO-Pack can be used for every application. It is environmentally friendly, completely recyclable and FSC® certified (FSC® C151439).

On the roll, DUO-Pack is the ideal basic material for the “box off the roll” that you can produce individually on site on our packaging machines.

- Roll width: up to 2,400 mm
- Different standard qualities
- Available as B and E-roll
- Uniform or individual creasing
- Pre-cut sheets possible
- Basic material for VariPack (“box off the roll”)
