

SPEEDMAN BOX®

The handy and eco-friendly paper dispenser box

COMPACT & ECONOMICAL

The SpeedMan BOX® is the ideal supporter for fast and eco-friendly dispatches in small and medium-sized quantities. Perfect for filling and stuffing packages for operators of online shops (beginners or professionals in the e-commerce business) as well as for private parcel deliveries. One Box provides a filling volume of 1.5 m³ and is sufficient for up to 1,000 packages. Requiring an area of only 30 x 40 cm, this box fits in every corner and allows a mobile usage.

Used as fill material or a sturdy wrapped “paper coil” – SpeedMan® paper is well suited for all types of dispatched articles, whether small or large, fragile, light or heavy.

The SpeedMan® paper consists 100% of recycled paper and is awarded with the ecolabel Blue Angel. The manufacture of in-house production takes place in Germany in accordance to the latest standards including the ISO 50001 certification.
